

**Win or lose, what matters is being part of the team.**  
**Health insurance gets them in the game.**

Your state has a free or low-cost health insurance program for kids. Your child will be able to get doctor and dentist visits, vision and hearing care, hospital care, mental health services, regular check-ups and shots and needed treatment, including prescription drugs.

Generally, a family of four with an income up to \$45,000 a year can get their kids covered. Even if you've been turned down in the past, you may be able to get health coverage for your child now.
